Open 1st March–31st October

Brakes Coppice Park is a beautiful campsite situated in a quiet, secluded valley at the heart of the stunning 1066 Country.

Of the three camping fields, the main field is the largest and contains the toilet block (NEWLY EXTENDED AND RENOVATED FOR 2010 SEASON). The second field is where you can find our fishing lake and has an area for both tents and caravans with some electric pitches. (Water's edge camping is not available). Our third field is the adults-only camping field.

The coarse fishing lake is small but well stocked. It is for campers use only and fishing is free for 2010, but normal conditions apply, remember to bring your own rod. Children should be supervised by a responsible adult here at all times.
